

Paper Planes

Make some different styled paper planes take them to an outdoor space or hallway and see how far each one flies. Once they have all been flown measure how far they have gone. Look at the numbers on the tape measure talk about long and short far and near.

Use YouTube you will find step-by-step guides on how to make the different planes.

High Flier

The Hawk

The Spinner

The Glider

The Jet

The Arrow

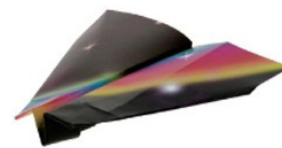

The Shadow

The Falcon

Airstream
